INVITE Erasmus+ Project

Developing Competencies and Innovative Designs for International Virtual and Blended Modalities

The INVITE Partners

The INVITE Project

Developing Competencies and Innovative Designs for International Virtual and Blended Modalities

The INVITE project **aims** to develop teaching and learning competencies for designing and implementing new virtual and blended modalities of international collaboration in Higher Education Institutions.

This objective is **aligned** with several ambitions of the European Commission agenda for Higher Education, such as:

- the Digital Education Action Plan 2021-2027;

- the new Erasmus+ Blended Intensive Programs priorities;

- the green agenda for internationalization.

The INVITE Project's Objectives

R1 Map the current institutional and educational approaches & **underline good practices**

R2 Develop an **active-learning design framework** applicable for V/B modalities (pedagogies, didactics, toolkits)

R3 Implement an **action-training online program** for teachers and institutional staff

R4 Develop a **digital ecosystem** and organize a **hackathon** addressing SDGs

R5 Identify HE **policies for innovation** in T&L to sustain cross-border V/B Programs

The INVITE Training Module: AIMS

Enabling Higher Education **teachers and educators** to implement effective international virtual and blended environments

Promoting Higher Education **staff**'s awareness and mechanisms to support, scale up, and sustain such programs

Co-funded by the Erasmus+ Programme of the European Union

What is the INVITE Training Module?

An **interactive guide** for the design of international collaboration activities
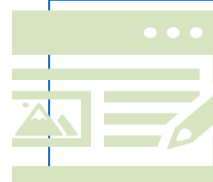

An occasion to **reflect** on one's role in international collaboration activities

A platform to develop **international collaborations and connections**

A place where to find **tips and suggestions** to develop international collaboration activities

A learning environment where **to share** international collaboration **ideas and experiences**
