How Plagiarism was identified (for all Essays)

- 1) All parts – which were quoted/cited – were deleted.
- 2) The remaining “rest” was checked by a plagiarism programme.
- 3) Identified parts were checked carefully (step-by-step).
- 4) 2 rounds (independently) → comparison with elder Olympiads.

In 2016 the first two Gyrza M-class artillery boats¹⁷ were revived and included in the Ukrainian Navy. After about 3 years, two coast guard ships were transferred to Ukraine from the US. At the same time the creation of the Centaur-LK class¹⁸ are being built. These smaller boats are serving as patrol boats instead of transfer boats. The US continues giving Ukraine boats, even small patrol boats or guided missile frigates such as the Oliver Hazard Perry class. The United Kingdom has made a deal with Ukraine of a billion loan for the re-equipment of the Ukrainian Navy and not only that but two Sandown-class minehunters are to be transferred to the Ukrainian Navy.

This all came crushing down when Russia invaded Ukraine and nearly everything and the Ukrainian Navy was back to square one. More specifically the Russian Armed Forces captured.
