# Rules of Procedure for the Implementation Group

- **RoP for the EAB (Executive Academic Board) + “Frame” for the EAB-configurations established on 22 April 2024.**
- **Comments by IG Chair on 23 April 2024.**
- **Waiting for final “frame” → then establishing a proposal (ready for 63<sup>rd</sup> meeting to discuss?).**

ANNEX

**RULES OF PROCEDURE  
OF THE EUROPEAN SECURITY AND DEFENCE COLLEGE  
EXECUTIVE ACADEMIC BOARD CONFIGURATIONS**

Article 1  
**Mission and tasks**

The mission of the Executive Academic Board Configurations, hereinafter “the Configurations”, shall be to contribute to the general tasks of the Executive Academic Board (EAB) in ensuring the quality and coherence of the training, education and other related activities. The Configurations may also be **tasked** by the EAB to support EU training and education projects. The creation of new Configurations shall be proposed to the EAB and subsequently approved by the Steering Committee. Once a Configuration has accomplished its mission, it may be dismantled by the Steering Committee on a proposal by the EAB.

Article 2  
**Membership of the Executive Academic Board Configurations**

All institutes that are members of the EAB, institutes in the **status of the Network Members**, may choose to be members of the configurations by appointing their representative. These institutes shall communicate to the Secretariat the names of their representative they wish to appoint as configuration member. Members prevented from attending a configuration meeting may be represented by an alternate from their institute.

The representatives of institutes having the status of **Associate Network Partners** shall be invited to attend the meetings of the configuration as **active observers**.

Article 3

All the Configurations shall establish their own Terms of Reference (ToR) based on this Executive Academic Board Configuration RoP.

Article 4

The Rules of procedures of the EAB shall apply by default to matters not regulated by these Rules.

**Kommentar [HG1]:** The institutions represented in the IG are HIGHER EDUCATION INSTITUTIONS. A very high value is the independency « from outside » (even by CONSTITUTIONAL laws). They will NEVER accept to be « tasked ». Probably we can find another word – such as « kindly requested ».

Formatiert: Englisch (Großbritannien)

**Kommentar [HG2]:** This is not acceptable according to the IG's mandate! There are also Network Members, which are NOT EU Members (Switzerland, Bosnia, Ukraine, UK, North Macedonia, NATO, Serbia, Indonesia, United States, Moldova). The mandate for the IG is for EU Member States exclusively. If we integrate « EU-NETWORK MEMBERS », it would be in accordance with the mandate.

If the configurations see this article 2 as a proposal and they can create their own « membership status », it could be described clearly as well instead.

Formatiert: Englisch (Großbritannien)

**Kommentar [HG3]:** Same as above

Formatiert: Englisch (Großbritannien)

**Kommentar [HG4]:** For me not clear? What is then the difference to a non-active observer or just « observer »? Which rights has an «active observer»?

Formatiert: Englisch (Großbritannien)

## Train the Trainers – Hybrid Threats

E-mail: secretariat@afahc.ro

To: The Chairperson of the Executive Academic Board of the Implementation Group

Subject: Nomination of the Chairperson of the New Line of Development *Hybrid Threats. TTT Module*

Dear Colonel,

First of all, please allow me to express my personal appreciation and the gratitude of the community of "Henri Coandă" Air Force Academy for your constant activity of building a culture of security among military institutions throughout Europe. You managed to build, under the aegis of the European Initiative for the Exchange of Young Officers inspired by Erasmus (EMILYO), a genuine framework of cooperation with the aim of preparing students for the realities of European security and defense issues. This framework is useful for the training of military cadets, but this training depends on the level of preparedness of their trainers and academics.

In this respect, we propose a new Line of Development (LoD) in order to maintain a proactive orientation within the military education in relation to the dynamics of the evolution of the battlefield and of the military thinking. The new vision is related to a train-the-trainers (TTT) module designed to train military instructors and security studies/ military science academics to adapt their knowledge, tools and teaching methods to the pace of change in relation to the new paradigm, the information-based one, in which the war studies have been included.

We consider that the most suitable coordinator of this module, or the chairperson of this new LoD - *Hybrid Threats. TTT Module* is Col Prof Adrian Lesenciuc, PhD, Dean of the Air Security Systems Faculty within "Henri Coandă" Air Force Academy. Colonel Lesenciuc teaches the *Information warfare and Influence of mass media on security systems* disciplines and is also the author of the work *Hybrid warfare or The return to absolute war through concealment*. Col Prof Lesenciuc is a knowledgeable professor and researcher and has international relations experience, therefore our recommendation is for his nomination.

Sincerely yours

Brigadier General (AF) Assoc Prof Marius Serbeszki, PhD
