EUAFA - CC

Contents

- Introduction
- EUAFA Educational Mapping
- Erasmus Exchange Program
- Advanced New Air Platforms
- Space Education
- Round Table

- Is your academy only Air Force or is common with other services of your military structure?
 - Only Air Force: 6 ( /  /  /  /  / )
 - Common with other services: 4 ( /  /  / )

- During the academical phase, are you providing a bachelor or master degree (university equivalence) in line with [European Higher Education Process of Bologna](#)? If yes, which degree title and how long does it take?
 - Master degree of (Military) Engineering (5 years): 8
( /  /  /  /  /  /  /  / )
 - No: 2 ( / )

→ Academic synergies are facilitated with academies with the same system

- As an academy are you involved in specific research programs with other national universities or national research institutions?

□ Yes: 5 ( /  /  /  / )

□ No: 5 ( /  /  /  / )

→ Research programs must be promoted

- Are you providing basic military training (basic military camps, shooting skills, section training, ...)? if yes, when in the curriculum and how long does it take?
 - Yes / Only at the start: 2 (21 weeks  / 1 year )
 - Yes / Simultaneously during 4/5 years: 7
( /  /  /  /  /  / )
 - No / Simultaneously in other Military Academy during 5 years: 1 ()

- Are you providing basic professional air force training (basic pilot training, specific technician officer training, force protection training, admin officer training, ...) if yes, when in the curriculum and how long does it take?
 - Yes / After Basic Training: 1 (10 Months )
 - Yes / Simultaneously during 4/5 years: 6
( /  /  /  /  / )
 - No: 3 ( /  / )

→ Basic professional training synergies are facilitated with academies with the same system

- Who is providing advanced professional air force training (advanced pilot training, technician certification / type rating on specific A/C, advanced force protection leader training, ...)?
 - Same academy: 0
 - Others: 10 ( /  /  /  /  /  /  /  /  / )

→ Not a domain for synergy

- What is the state of the premises in (military) Erasmus exchange program over the past five years? How many (receiving and sending) students over the past 5 years? What is the feedback/add-on value?
 - Excellent: ~60 ()
 - Very positive
 - Important, informative and value added ( / )
 - Initial stage during the last 2 years ()
 - Mostly positive: ~300 ( / )
 - Receiving 11 (1 or 2 semesters) / Sending 50 (1 or 2 weeks) ()
 - N/A:  /  / 

→ Continue to facilitate or promote exchange programs

- Within the context of an overall European air capability shift, will the arrival of advanced new air platforms (like F-35, MQ-9 or any strategic Unmanned Aerial System (UAS), ...) have an impact on your basic academic training/program? If yes, in which field in particular?

- Yes: 7

- All levels of education and trainings ( /  /  /  / )
- New UAS bachelor degree / facilities renovation ()
- F-35 / NATO ()

- No: 3 ( /  / )

→ The different national initiatives could be shared in details amongst members to potentially explore synergies

- Is your academy providing Space education in your Air Force curricula?
 - Yes: 3 ( /  / )
 - In processing: 5 ( /  /  /  / )
 - No: 2 ( / )

→ The different national initiatives could be shared in details amongst members to potentially explore synergies

- Round Table
 - Cooperation in research ()
 - The system of education for Croatian Armed Forces ()
 - Presentation about the “International Air Force Semesters” ()
