### Welcome!

This platform was created in support of the European initiative for the exchange of young officers inspired by Erasmus (or in other words: “Military Erasmus” or EMILYO” or the “Initiative”). It aims to enable European Union initial military education and training institutions (Basic Officer Education Institutions - BOEI), to explore possibilities for quantitative and qualitative exchanges of knowledge and know-how through mobility of their students and personnel.

In this toolbox, several functionalities will help you to explore European Union military officers’ basic education and training systems:
