

AGILE CUB 25

International Students' Training Activity

Agile Cub 2025 description

- Since 2022
- Realistic scenario (multi-domain approach, hybrid threats)
- Practical execution of Intelligence Support to Operations
- ISR planning, tasking & execution (TCPED process)
- Production of intelligence reports (Classification – Exercise)
- Dynamic re-tasking of recce teams and ISR assets
- Real-world CZE Army ISR assets controlled by students

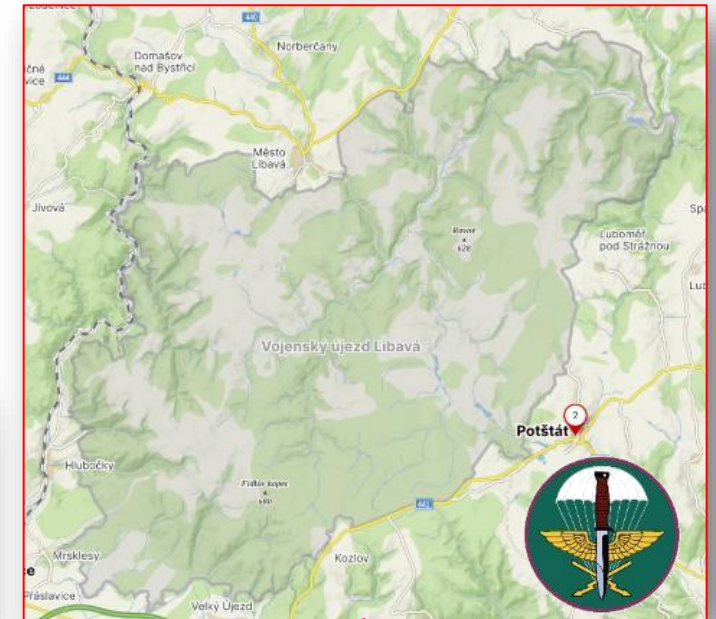

The ultimate goal of AC 25 is to enhance knowledge, improve skills, foster ability to work in multinational environment and **apply theory into practice.**

Agile Cub 25 locations

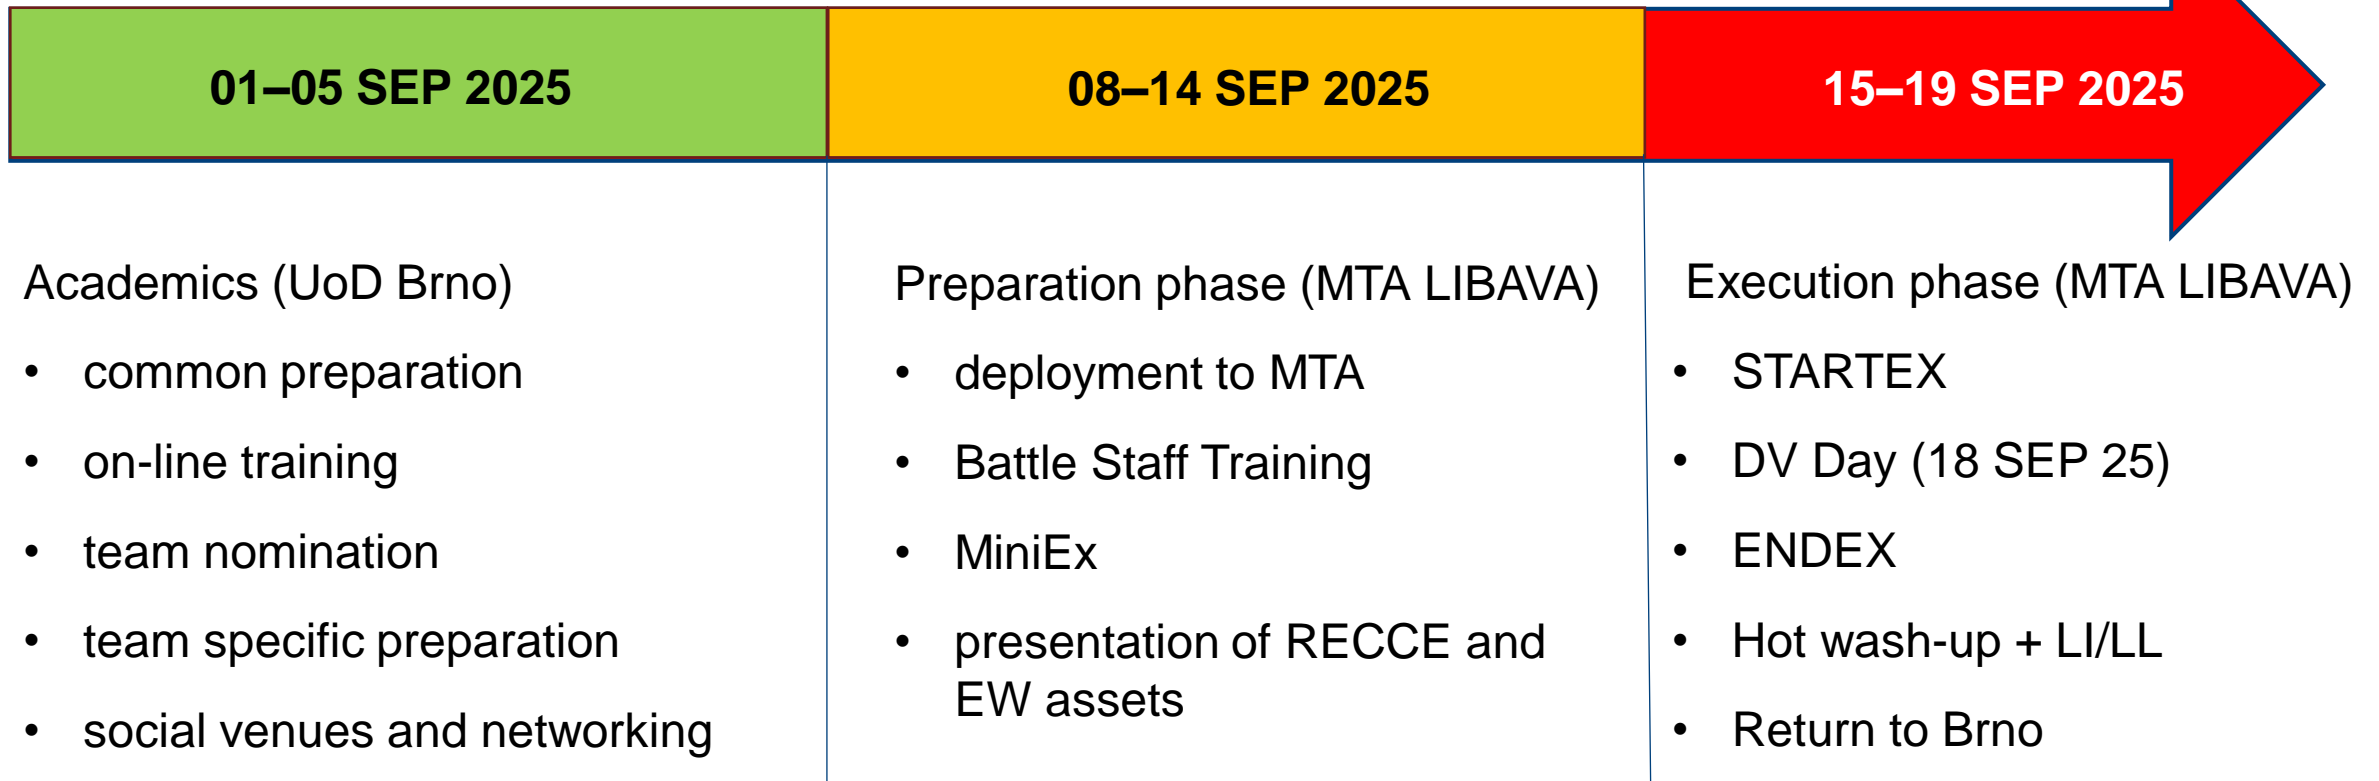

- (1) UoD Brno
- (2) Barracks Potštát (102nd Recce Battalion, MTA Libavá)

Agile Cub 25 timeline

(01–19 SEPTEMBER 2025)

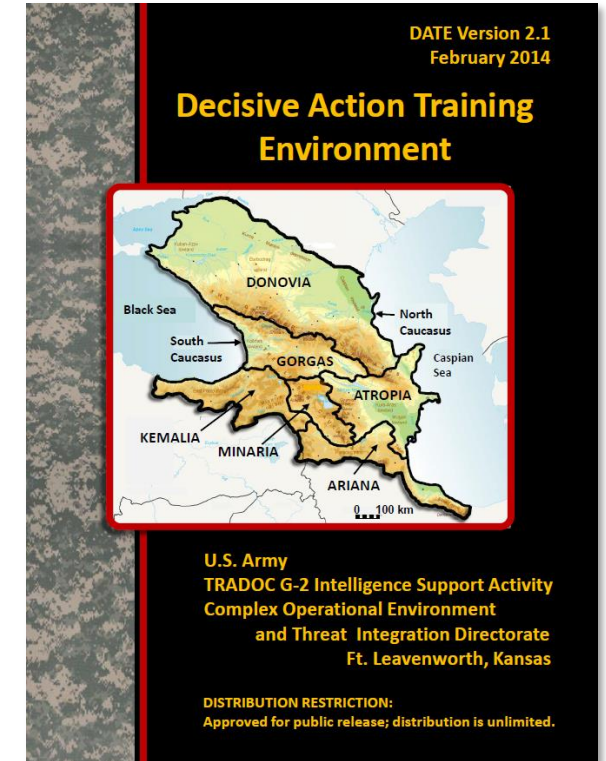

Agile Cub 25 Scenario

EURASIA

- DATE EURASIA (v.3.10.1) is the setting for the West's confrontation with the acute threat of Donovia and the destabilizing activities of Ariana.
- the region is vast, spanning the North Atlantic to the Caspian Sea, and involves the European Union.
- DATE EURASIA will replace Legacy DATE EUROPE content (Skolkan scenario).
